**विषय: Minutes of Meeting of the National Working Group 9 (NWG-9)
corresponding to ITU-T Study Group 9 for the Study Period 2022-2024**

The National Working Group-9 corresponding to ITU-T Study Group 9 (SG9) for Study Period 2022-24 regarding "Audiovisual content transmission and integrated broadband cable networks" or "Broadband Cable and TV" was constituted as per TEC letter of even no. dated 02-05-2022. First meeting of this NWG-9 was held on 10-05-2022 on CDoT VC platform. List of participants is placed as ANNEX.

2. Shri Avinash Agarwal, Chairman NWG-9 and DDG (C&B) TEC, welcomed the participants and requested them to introduce themselves. The NWG-9 members gave their introduction and shared information about their areas of work.
3. Shri Avinash Agarwal presented a brief introduction and purpose of the SG9 and NWG-9. He shared the screen of ITU-T Study Group 9 website and discussed about the mandate of the SG9, questions under study and current work items.
4. Shri Amitabh Kumar, Zee informed that he had earlier worked in Working Group of ITU-T. He discussed that there is a need to identify the topics to be taken up for contribution, people from manufacturing industry also to be included and to include those work items which could benefit the country.
5. Prof J.S. Sahambi, IIT Ropar mentioned about the need to list the work items and group members accordingly.
6. Dr Mahima Arrawatia, IIT Guwahati informed that she would be interested to work on Question 6/9 – the functional requirements which would include the architecture for Broadband network.
7. Prof. Rajendra Kumar Pandey, IIT BHU mentioned about the need of more bandwidth due to massive data flow in communication, need of dynamic bandwidth, to resolve the issue.
8. Shri Pallab, CDoT showed interest in conditional access systems and content protection. He suggested that there could be interesting solutions on convergence of Broadband and Broadcasting.
9. Shri Venkatesh, Prasar Bharati wanted to know about how the members could contribute and that whether we can add more Questions. Chairman NWG-9 explained the process of how contributions are submitted to ITU-T SG9.
10. Shri Rajiv Khattar informed that he would like to work on topics related to differently challenged persons, standards for set-top boxes manufactured in our country, IP distribution on cable, situations on C-Bank downlinks.
11. Shri Sundaraparipurnan showed his interest in Q 3/9 and suggested to look at the twin aspects of bias and biometrics in Artificial Intelligence systems, considering the ethical view point.

12. Shri Avinash Agarwal mentioned that in the next 15 days, we may target to expand the group by adding more experts from the industry including startups. The NWG-9 members may suggest the right persons to be included in the group. He requested members from the academia to encourage their students and research scholars also to contribute to the ITU-T SG9 through the NWG-9. He suggested that all members may go through the terms of reference of each Question and decide their focus areas. He suggested that we may submit contributions for including more work items, if required as per our needs. If the work items suggested by someone in the group are not related to the questions under study, then mapping with the Study Group mandate is to be done.

13. The key points which emerged from the meeting are

- a. In the next 15 days, the NWG-9 members may (1) select the questions/ work items on which they would like to contribute, and (2) suggest names of experts who could be added in the group.
- b. The members may act as facilitators and encourage relevant experts/ researchers to contribute.
- c. The contributions may be treated as a continuous process by working on it on regular basis and not only for the meeting purpose.

14. The meeting ended with thanks to the participants for fruitful discussion.
