No. 08-06/2022-TC/TEC

Dated: 05.03.2024

Subject: Minutes of 11th meeting of NWG-11 corresponding to ITU-T SG-11 on 'Signalling requirements, protocols, test specifications and combating counterfeit products' for the Study period 2022-2024-reg.

The 11th meeting of National Working Group (NWG)-11 was held on 29.02.2024, through virtual platform, under the Chairpersonship of DDG(TC), TEC. The list of the attendees is enclosed at Annexure-A.

2. At the outset, the Chair welcomed the members and informed the members about the upcoming ITU-T Study Group-11 meeting scheduled from 1st – 10th May 2024 in Geneva, Switzerland. Further, he requested each National Working Party (NWP) to organize meetings regularly.

3. Sh. Ashish Vyas, ADET, DoT presented the contribution on the work item Q.Req_Frame_RRDN "Requirements and framework for rapid response to sudden natural disasters in network" under Q3/11. The Chair suggested the contributor to discuss it with CDOT and align it in the context of Common Alert Protocol (CAP).

4. ADET(TC), TEC presented the contribution on the work item Q.Req_Frame_RRDN "Requirements and framework for rapid response to sudden natural disasters in network" under Q3/11. The members suggested to merge this contribution to the contribution presented in para (3), as they both pertain to the same work item.

5. Sh. Ashish Vyas proposed a new work item "Signalling Requirements and Protocol procedures for emergency communication during disaster in IMT-2020 network and beyond" under Q3/11. The members were of the opinion that the contribution deals with the operation aspects which pertains to ITU-T Study Group-2 and requested to re-evaluate the contribution in view of the same.

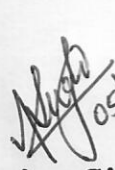

6. ADET(R), TEC informed that the output document of draft Recommendation Q.TSRT_IoT "Test specifications for remote testing of Internet of Things using the probes" under Q12/11 is in final stage and will be taken up for consent in the next ITU-T SG-11 meeting. He further sought inputs/ contributions on the same from the members, if any.

7. The following members informed that they are working on the contributions and will present the same in next NWG-11 meeting:

- a) ADG(TC-1), TEC on the work item "Q.PMEE: Protocol for managing energy efficiency with AI-assisted analysis in IMT-2020 networks and beyond" under Q6/11.
- b) ADET(R) proposed a new work item "Framework and Requirements for testing of Industrial Internet of Things (IIoT)" under Q12/11.
- c) Sh. Krishna Lahoti, CNLABS proposed a new work item on "SRv6 Conformance Test Methods".
- d) Sh. Biren Karmakar, CDOT on the work items "Q.CEIR: Technical requirement, interfaces and generic functions of CEIR" & "Q.GIR: Technical requirement and implementation strategy for Global International Mobile Equipment Identity Registry" under Q15/11.

8. ADET(TC) thanked the members and requested members to prepare and submit the contributions for the next NWG-11 meeting.
