

No: 4-16/2018-C&B/TEC/NWG9

Dated: 08th of August 2024

Sub: Minutes of the 18th Meeting of National Working Group-9 (NWG-9) regarding "Broadband Cable and TV", held on 06.08.2024.

The 18th meeting of the National Working Group-9 (NWG-9) corresponding to the ITU-T Study Group 9 (SG9), regarding "Audiovisual content transmission and integrated broadband cable networks/ Broadband Cable and TV", was held on 06.08.2024 under the chairmanship of Sh. Avinash Agarwal, DDG (Convergence & Broadcasting) TEC, through video-conferencing. The list of participants is placed at **Annexure I**.

2. Sh. Narendra Choubey, Convener NWG-9 & Director (C&B) TEC, welcomed all the participants and provided a summary of the previous meeting held on 29.07.2024. Further, he requested all members to contribute to the forthcoming meeting of ITU-T Study Group 9 (SG9) to be held at Tokyo, Japan from 2-10 September 2024. The deadline for the submission of the contribution to ITU-T is 20th August 2024.
3. Sh. Avinash Agarwal, Chairman NWG-9 & DDG (C&B) TEC, in his opening remarks, conveyed that the input contribution may be finalized in today's meeting by members so that the same can be submitted for administrative approval for the forthcoming meeting of ITU-T Study Group 9 (SG9).
4. Further, NWG-9 members discussed the contributions received one by one. The details of contributions are given below:-

S. No.	Work items / Question number	Subject / Title	Name of Contributors	Details of Contribution
1	J.wtv-req, Q1/9	Updated baseline text for the proposed new ITU-T Recommendation J.wtv-req "Functional Requirements for secondary distribution of digital television and audiovisual content to portable devices using the wireless local area network"	Mr. Avinash Agarwal, TEC Mr. Pallab Dutta, C-DoT	This is a new Recommendation proposed, initiated, and driven by India based on the C&B Division, TEC standard on Converged Gateway Node. C-DoT has also developed a product based on the Converged Gateway Node standard. Previously, TEC/India had submitted contribution for the Technical Report on WiFi-TV, which has been approved for publication by ITU. This contribution positions Indian standards and products as part of global standards.

2	J.SMS-REQ, Q2/9 A.1 justification for J.SMS-REQ	Proposed A.1 Justification for a new ITU-T Recommendation J.SMS-REQ "Factual subscriber-base reporting in cable and other delivery platforms– Requirements for Subscriber Management System"	Mr. Avinash Agarwal, TEC	This is a new proposal initiated and driven by India to establish a new work item at the ITU. The proposal is based on the Test Guide for SMS developed by C&B Division, TEC in view of the work on CAS & SMS assigned by TRAI. This contribution contains the proposed A.1 justification, for a new ITU-T Recommendation J.SMS-REQ "Factual subscriber-base reporting and protected content delivery in conditional access system – Requirements for Subscriber Management System".
3	J.SMS-REQ , Q2/9 Baseline text Recommendation for J.SMS-REQ	Proposed baseline text for the proposed new ITU-T Recommendation J.SMS-REQ "Factual subscriber-base reporting in cable and other delivery platforms– Requirements for Subscriber Management System"	Mr. Avinash Agarwal, TEC	This contribution provides the proposed baseline text for the proposed draft new recommendation J.SMS-REQ for specifying the functional requirements of Subscriber management system (SMS) deployed in Digital Addressable Systems (DAS) for television broadcasting to enable factual subscriber-base reporting and to ensure protected delivery of content to authorised subscribers. TEC also published a technical report on Factual subscriber-base reporting and protected content delivery in a conditional access system (CAS) J.1036 in May 2023 in ITU-T.
4	J.STB-UHDVR, Q6/9	Proposal for consent of the draft new ITU-T Recommendation J.STB-UHDVR "Functional requirements for cable Set-top Box supporting Ultra- High-Definition video and Virtual Reality services."	Mr. Avinash Agarwal, TEC Dr. Prem Chandra Jain, ITU-APT Foundation of India Mr. Narendra Choubey, TEC Mr. Rajiv Khatter	This work item was initiated by India and is supported by other countries, including China. It is based on the generic requirements for "Hybrid Set-Top Box and Ultra High Definition & VR" published by the C&B Division, TEC. This contribution contains the proposed updation of the baseline text for the proposed new ITU-T Recommendation J.STB-UHDVR "Functional requirements for cable Set-top Box supporting Ultra-High-Definition video and Virtual Reality services. This contribution was initiated by India and after deliberations, inputs were finalised in the virtual meeting of SG-9 (May 2024). At the Rapporteur meeting held in July 2024, the document (No. T22-SG09RGM-Q6-240704-DOC-0001-R01.docx), was prepared.

				Through this contribution, India is proposing the final draft of the Recommendation for consent.
5	J.acc-us-prof, Q11/9	Output - Draft new Recommendation ITU-T J.acc-us-prof "Requirements for the semantics of a Common User Profile used to personalize audiovisual media" (e-meeting, 18-19 June 2024 and 10 July 2024)	Mr. Avinash Agarwal, TEC	This document provides the updated draft of the new Recommendation ITU-T J.acc us-prof "Requirements for the specific semantics of a Common User Profile used to personalize audiovisual media". Based on detailed discussions and deliberations during the Rappoture Group Meeting (RGM) chaired by Mr. Avinash Agarwal, TEC as rapporteur of Q 11/9. This draft contribution proposes to update the existing baseline text.
6	J.CLE-ARVR, Q11/9	Terminology, Metrics and Functional requirements for Cognitive Load Estimation for Augmented and Virtual Reality (AR/VR) services	Dr. Pradipta Biswas, IISc Mr. Avinash Agarwal, TEC	This is a new work item proposed by India with the joint efforts of TEC and IISc, Bangalore. This contribution proposes to update the existing baseline text for the proposed new ITU-T Recommendation J.CLE-ARVR "Terminology, Metrics and Functional Requirements for Cognitive Load Estimation for Augmented and Virtual Reality (AR/VR) services". Updated draft to be shared by Dr. Pradipta Biswas, IISc.

5. All members of NWG-9 unanimously agreed to submit the above contributions to the upcoming meeting of SG-9 scheduled to be held in Japan.
6. The meeting ended with a Vote of Thanks to all.

 08/08/2024
 (Narendra Choubey)

Convener, NWG-9 & Director, (C&B), TEC

Encl.: Annexure-I

To,

All members of the NWG-9 and all the Participants.
