F.No.-1-3/2022-IoT/TEC

Dated: 7th February 2024

Subject: Minutes of virtual meeting of National Working Group 20 (NWG-20) corresponding to ITU-T Study Group 20 on “Internet of Things (IoT) and Smart Cities & Communities (SC&C)” for the Study Period 2022-24, held on 19th January 2024, 11:00 AM.

The 18th virtual meeting of the National Working Group 20 (NWG-20) corresponding to ITU-T Study Group 20 was held on 19th January 2024 at 11:00 AM through remote participation using C-DOT VC platform. The list of participants is available as *Annexure-1*.

1. Mr. R S Singh, DDG (IoT) welcomed all the participants in the meeting. While briefing about the agenda of the meeting, he mentioned that:-
 - i. World Telecommunication Standardization Assembly (WTSA)-2024 will be hosted by India from 15 to 24 October 2024 in New Delhi. In the last meeting, Resolution 98 and Resolution 78 were discussed and finalized. A draft new resolution on ‘Rating of Digital Connectivity Infrastructure (DCI) in-buildings: New Standards for Global ICT Development’, submitted by Broad India Forum (BIF) for WTSA-24, will be discussed in this meeting.
 - ii. For the information of new members, he presented on the overview of TEC and it’s functions, and major focus areas of ITU-T SG- 20 including the work items under different questions of SG-20 (list already circulated to all the members).
 - iii. TEC has received a ITU TSB Circular 162 regarding Member State consultation on following determined draft new ITU-T Recommendations proposed for approval in the upcoming meeting of ITU-T SG- 20, 1-12 July 2024:-
 - a. Y.4607 (ex Y.DRI reqts)- Requirements for the interworking of autonomous urban delivery robots
 - b. Y.4225 (ex Y.dt-ITS)- Requirements and capability framework of digital twin for intelligent transport system
 - c. Y.4221 (ex Y.ElecMon-Reqts)- Requirements of IoT-based electric power infrastructure monitoring system
 - d. Y.4496 (ex Y.RA-PHE)- Requirements and reference architecture for a smart service for public health emergency system
 - e. Y.4497 (ex Y.Smart SBS)- Requirements and functional architecture of smart sharing bicycle service
 - f. Y.4498 (ex Y.energy-data)- Framework for city-level energy data sharing and analytics among buildings

- g. Y.4499 (ex Y.UIM-cs-framework)- Framework for urban infrastructure monitoring based on crowdsourcing
- h. Y.4488 (ex Y.IoT-SPWE)- Requirements and functional architecture of data services provided via IoT-based technologies for the safety of working environments

The copy of TSB circular 162 as well as copies of all these draft recommendations have already been circulated to all the members to go through these draft documents, examine if these requirements are in line with our country's requirement and revert back, in case any modifications are required in these documents before their approval in ITU-T SG-20.

- iv. The next meeting of ITU-T SG-20 meeting has been scheduled on 1-12 July 2024 in hybrid mode at Geneva.
 - v. Requested members to express their views on how to increase participation from India in the standardization activities in ITU.
2. Mr. Kishor Narang, Narnix, opined to map the current structure of Study Group with the existing/ emerging technologies landscape and find out the areas which are still not covered so that creation of questions/ work items may be accordingly suggested for the development of standards/ recommendations in that domain. He also suggested for coordination among various standardization bodies to avoid overlap.
 3. Mr. Sharad Arora, Mashmari, suggested to develop high-level coordination among TEC, BIS and TSDSI in order to identify priority work areas at national level and then start working upon them in respective NWGs.
 4. Mr. Tapan Kapoor, Aviconn Solutions, mentioned that they are going through the shared draft documents and will revert back with their comments/ inputs.
 5. Mr. Amitabh Chaturvedi, Innovapoint, said that they are studying drafts of smart manufacturing related work items and will revert back with their comments/ inputs.
 6. Dr. Shiv Kumar, BIF, presented in details the proposal on the draft new resolution on 'Rating of Digital Connectivity Infrastructure (DCI) in-buildings: New Standards for Global ICT Development'. The queries raised by few members were discussed during meeting.
 7. DDG (IoT) concluded by mentioning that members agree to submit this draft new resolution on 'Rating of Digital Connectivity Infrastructure (DCI) in-buildings: New Standards for Global ICT Development' for approval. Mr. Rajith Ali, SIA- India expressed

his willingness to provide input on this draft resolution. It was decided to circulate the copy of this draft resolution to all NWG-20 members for their comments/ inputs.

In the end, DDG (IoT) thanked all the participants for attending the meeting.

Action taken after the meeting:

1. The copy of draft new WTSA resolution on 'Rating of Digital Connectivity Infrastructure (DCI) in-buildings: New Standards for Global ICT Development', submitted by Broad India Forum (BIF), was circulated by ADG (IoT) to NWG-20 members via e-mail dated 19th Jan 2024 for comments/ inputs by 22nd Jan 2024. The inputs received from Mr. Rajith Ali, SIA- India, were discussed in short meetings with BIF and TEC. The finalized draft was then submitted for discussion in the 2nd Meeting of the APT Preparatory Group for WTSA-24, 5- 6 February 2024.

Way Forwards:

1. Next meeting of NWG-20 will be held on **27th February 2024 at 3 PM.**
2. Members are requested to submit contributions for the upcoming ITU-T SG-20 meeting, 1-12 July 2024, latest by 23rd February 2024.

This is issued with the approval of DDG (IoT).

Encl: As above

Hindi version shall follow.
