Khurshid Lal Bhawan, Janpath New Delhi-110001

Dated: 24.01.2025

Subject: Minutes of 2nd meeting of NWG-11 corresponding to ITU-T SG-11 on ‘Signalling requirements, protocols, test specifications and combating counterfeit products’ for the Study period 2025-2028-reg.

The 2nd virtual meeting of National Working Group (NWG)-11 corresponding to ITU-T Study Group-11 for the study period 2025-2028 was held on 20.01.2025 at 15:00 PM under the Chair-ship of DDG(TC), TEC. The meeting was attended by the members working in various domains and the list is enclosed at **Annexure-A**.

2. At the outset, Sh. Rakesh Goyal, ADG(TC-II) welcomed the members and briefed about the agenda of the meeting; i.e. to review the contributions from the NWG-11 members for the upcoming ITU-T Study Group 11 meeting.

3. Thereafter, the nine contributions received from the NWG-11 members were presented and deliberated in the meeting. The details are as below:

S.No.	Details of Contribution	Deliberations
Contribution to existing work items		
1	Proposal to advance the Recommendation ITU-T Q.GIR “Technical requirement and implementation strategy for Global International Mobile Equipment Identity Registry”	Sh. Biren Karmakar from C-DOT presented the contribution. Shri Tejpal Singh, TRAI sought clarification on whether any personally identifiable information is being stored in the Mobile Equipment Identity Registry. Sh. Biren Karmakar clarified that no personally identifiable information is stored.
2	Proposal to advance the Recommendation ITU-T Q.FC-MCM : Framework for combating Multimedia Content Misappropriation.	Sh. Biren Karmakar from C-DOT presented the contribution.
3	Proposal to advance the Recommendation ITU-T Q.F-MSCF : Framework on the use of market surveillance for combat counterfeit	Sh. Rajendra Kumar from C-DOT presented the contribution. The following suggestions were provided by the members on the proposed contribution:

	Telecommunications/ICT equipment.	• Mentioning the names of the specific national regulatory bodies and the online market places may be avoided. • Inclusion of some international organizations like WTO in section 7.3 may be explored.. • To define Market surveillance or make a reference to any existing definition in the future contributions.
4	Proposal to advance the Technical Report ITU-T TR-CF-QoS : Impact of Counterfeit Mobile devices on Quality of Service.	Sh. Rajendra Kumar from C-DOT presented the contribution. Thereafter, the relation of the proposed factors viz. Call spoofing, Network Integrity risks with the counterfeit devices was deliberated upon. It was requested to revise the contribution based on the deliberations.
5	Proposal for advancement in the baseline text of draft Recommendation ITU-T Q.IEM_arch_req “Reference architecture and signalling requirements for interactive emergency messaging through mobile network”.	Sh. Arjun Singh, ADG, DoT presented the contribution. The members suggested some minor modifications in the proposed contribution.
6	Proposal to advance the baseline text of Draft Recommendation ITU-T Q.Req_Frame_RRDN "Requirements and framework for rapid response to sudden natural disasters in network".	Sh. Arjun Singh, ADG, DoT presented the contribution.
7	Proposal to advance the draft Supplement ITU-T Q.Supplement.75-Rev “Use cases on the combat of counterfeit ICT and stolen mobile devices”	Sh. Ajay Nema, DDG, TEC presented the contribution.
Proposals to initiate new work items		
8	Proposed new work item on ITU-T Q.NBIoT.HMT – “Requirements and Framework for testing of NB-IoT Interface in IoT devices operating in Sub-6GHz and FR2 mode”	Shri Sunil Shenoy from Sunren Telecom Laboratory presented the contribution for the new work item proposed under Q12/11. Shri Tejpal Singh, TRAI suggested to check on the 3GPP standards and other IoT related standards regarding the special test mode for the NB-IoT interface and perform 360 degree analysis, which may help in defending the contribution and answer the related queries during the ITU-T meeting.

9	Proposal for creation of new work item “Method for Verifying Conformance to SRv6”	Shri Krishna Kumar Lahoti from CNLABS presented the contribution for the new work item proposed under Q13/11. The members suggested some minor editorial modifications in the proposed contribution as per the ITU-T template.
10	Proposal for creation of new work item Q.TFCT_IoT “Test Framework for Conformance Testing of IoT protocols used in IoT networks”	The contribution was proposed by Shri Anshul Kumar Gupta, ADET, TEC. Due to his unavailability, it was decided that the contribution may be discussed in the next meeting.

4. The members were requested to make the necessary modifications in the contributions as per the discussions made during the meeting and send the updated contributions by 24.01.2025. Further, it was apprised that the last date for submission of contributions to the ITU-T SG 11 is 06th February, 2025. Therefore, the next meeting of the NWG-11 was proposed to be scheduled on 28.01.2025 and the members were requested to send any new contribution(s) by 27.01.2025.

5. At last, Shri Ajay Nema, DDG(TC) & Chair NWG-11 thanked all the members for their valuable contributions and Sh. Tejpal Singh, ITU-T SG 11 chair for sharing his valuable insights. He further requested all the members to go through the presented contributions again and provide their comments, if any, before the next meeting and also to finalize their contributions and submit any new contributions at the earliest so that they are finalized in the next NWG-11 meeting and submitted to ITU-T within time.

Rakesh
