File No.: 5-2/2021-TS/TEC

Dated: 18.08.2022

Subject: Minutes of meeting of National Working Group-17 held on 01.02.2022.

The Third meeting of National Working Group -17 was held virtually on 1st August, 2022. The members from Industry, Association, Academia (IITs), National Security Council Secretariat (NSCS), C-DoT and various units of Department of Telecom viz. DoT HQ, TEC, NCCs participated in the meeting.

1. At the outset, Sh. Shashi Mohan, DDG (TS), TEC and Chairman of NWG-17 welcome the participants, the new members who joined for the first time and highlighted the agenda for the meeting. He encourages all the member of NWG 17 and urge to provide ITU T contribution in SG-17, as Indian contribution.
2. At First, Mr. Sharad Arora, proposed a new work item for "Functional Architecture for secure verification of IoT Devices and It's Custodians" Q6 of SG-17. He has briefed the summary, scope, new definition including KYC & Custodian and A.1 Justification. Q6 relates to "Security for Telecommunication Services & Internet of Things".
3. Mrs. Preetika Singh, ADG(TS) had presented contribution on work item X.SC.DLT.TEC in the second NWG17 meeting. The input on this work item were discussed and the contribution was finalized. Since, this work item is being planned to be presented on next SG-17 meeting as Indian Contribution, final Inputs, if any, were sought from all NWG -17 member. Subsequent to which it would be uploaded to ITU-T site. Last date for submission of contribution to ITU-T was 10.08.2022.
4. A discussed in last NWG-17 meeting, Mr. Kishor Narang from M/s Nainix Technologies presented his proposal on work item X.Arch.Design "Design principle and best practice for security Architecture". He has emphasized about inclusion of definitions and Contribution is made for inclusion of "Cyber Resilience & Trustworthiness" especially in critical Information architecture in Security Architecture.
5. The above 3 contributions were discussed in details among all NWG-17 members. Received inputs received from member was incorporated during meeting itself. It was also decided that mail may be sent to all members seeking additional inputs on the contribution, before finalization of contribution. Hence, a mail was sent on 01.08.2022 & inputs were invited within 24 hours.
6. The two contributions namely X.SC.DLT & X.Arch.Design was uploaded after due approval of competent Authority on ITU-T website. The Third contribution "Functional

Architecture for secure verification of IoT Devices and It's custodians" will further be discussed in next NWG-17 meeting after getting input from the members.

7. It was also discussed in the meeting that any contribution in future may be conveyed to chairman/convenor well in advance, so that it may be circulated to all members for their comments/inputs to enable the fruitful discussion in meeting for finalization of contribution.
8. At the last, Sh. Sandeep Kumar Vijaivergia, DIR(TS), TEC delivered the Vote of Thanks to all the members and Chairman and requested members to provide inputs on presented contribution at the earliest. Since the last date for submitting contribution on ITU website was 10.08.2022. Hence only 1 day has been given for providing inputs after which contribution will be finalized.

Shashi Mohan
