F.No.- 1-3/2022-IoT/TEC

Dated 24.06.2022

Subject: Minutes of the virtual meeting of National Working Group 20 (NWG-20) corresponding to ITU-T Study Group 20 on "Internet of Things (IoT) and Smart Cities & Communities (SC&C)" (reconstituted for the Study Period 2022-24), held on 23rd June 2022, 2:30 PM.

The virtual meeting of the National Working Group 20 (NWG-20) corresponding to ITU-T Study Group 20, reconstituted for the Study Period 2022-24, was held on 23rd June 2022 at 2:30 PM through remote participation using C-DOT VC platform. The list of participants is available as *Annexure-1*.

1. Mr. Sushil Kumar, DDG (IoT) welcomed all the participants in the meeting. While briefing about the agenda of the meeting, he said that this is the third meeting of National Working Group 20 (NWG-20), reconstituted for the Study Period 2022-24, corresponding to ITU-T SG-20. He also mentioned that-
 - a. The upcoming meeting of ITU-T SG-20 is scheduled on 18-28 July 2022, for which the contributions are required to be finalized, as the last date for submitting contributions is 5th July 2022.
 - b. One contribution on work item Y.SRC '**Requirements for deployment of smart service in rural communities**' was already discussed and finalized in last NWG meeting (held on 14th June 2022) for submission in ITU-T SG-20. DDG (IoT) apprised members that TEC is working on this work item from the past 2 years and it is expected to be completed by Dec 2022. One more contribution will be finalized in this meeting.
 - c. Draft of four on-going work items (temporary documents) in ITU-T SG-20 were circulated to all the members along with minutes of the previous meeting.
 - d. Contributions may either be submitted in the form of a new work item or by proposing changes in the ongoing/ existing work items (temporary documents available on ITU website). It takes generally around 2-3 years for getting them accepted as an international standard. While proposing changes in the ongoing/ existing work items, document needs to be cleaned first and then changes may be proposed in track change mode.
 - e. Input has only been received from Mr. Prateep Misra, TCS on the on-going work item- Draft recommendation Y.IIoT-infra-SM-fr '**Requirements and framework**

of Industrial IoT (IIoT) infrastructure for smart manufacturing' (output draft of Q2/20 Rapporteur e-meeting, April 2022).

- f. It is expected to have larger participation from India (physically/ remote) in the ITU Study Group meetings by submitting more contributions.
 - g. Members who are willing to participate in ITU-T SG-20 meeting, 18-28 July 2022 (physically/ remote) may send their request through e-mail to TEC, for facilitating for the same. Registration is required using TIES account for attending ITU meeting.
 - h. Two sub-groups (having three to four questions each) may be created in NWG-20 as per the interest areas of members and then vice-chairs and rapporteurs for these sub-groups may be finalized in further meetings. DDG (IoT) requested members for suggesting names for these positions.
2. DDG (IoT) further requested members to express their views on how to move forward and their areas of interest for creating new work items.
 3. Following members expressed their interest to contribute in following work areas:
 - a. Mr. Sharad Arora, Mashmari: Q2/ 20, Q5/ 20 and Q6/ 20
 - b. Mr. Prateep Misra, TCS: Q4/ 20
 - c. Mr. Pranav Singh, Idemia: Q6/ 20
 - d. Mr. Harish Kumar, Punjab University: Q2/ 20
- DDG (IoT) mentioned that other members may send their work areas of interest (questions in ITU-T SG-20) through e-mail.
4. Mr. Prateep Misra, TCS presented his input on draft recommendation Y.IIoT-infra-SM-fr **'Requirements and framework of Industrial IoT (IIoT) infrastructure for smart manufacturing'**. Mr. Sharad Arora, Mashmari and Mr. Rajith Ali, SIA India also provided their inputs during the discussion.
- Mr. Pranav Singh, Idemia said that he will share his input on the "Security considerations" section of this work item after the meeting.
5. DDG (IoT) said that members may express their willingness to work on any of the draft recommendations available on ITU-T SG-20 website. Cleaned versions of the drafts of these contributions will be shared with them accordingly.
 6. While summarizing the discussions held during the meeting, DDG (IoT) mentioned that two contributions have been agreed for submission in the upcoming ITU-T SG-20

meeting, July 2022- Y.SRC '**Requirements for deployment of smart service in rural communities**' (as finalised in previous meeting) and Y.IIoT-infra-SM-fr '**Requirements and framework of Industrial IoT (IIoT) infrastructure for smart manufacturing**' (as finalised in this meeting).

In the end, DDG (IoT) thanked all the participants for attending the meeting.

Action taken after the meeting:

1. Input received from Mr. Pranav Singh, Idemia on the "Security considerations" section of work item Y.IIoT-infra-SM-fr was discussed and incorporated suitably in the proposed final copy of draft contribution.

Way Forwards:

1. Next meeting of NWG-20 will be held tentatively in August 2022.

This is issued with the consent of DDG (IoT).

Encl: As above

Hindi version shall follow.
