File No.: 5-2/2021-TS/TEC

Dated: 06.01.2023

Subject: Minutes of meeting of National Working Group-17 held on 04.01.2022.

The Fourth meeting of National Working Group -17 was held virtually on 4th January, 2023 at 3:00 PM. The members from Industry, Association, Academia (IITs), National Security Council Secretariat (NSCS), C-DoT and various units of Department of Telecom viz. DoT HQ, TEC, NCCs participated in the meeting. The list of participants is placed at Annexure-I.

1. To begin with, Sh. Shashi Mohan, DDG (TS), TEC and Chairman of NWG-17 welcomed all the participants and the new members who joined for the first time and highlighted the agenda for the meeting. He encouraged all the members of NWG17 to submit contribution in NWG-17 for submission in ITU-T as Indian Contribution. In addition to this, he briefed about the DoT meeting for improving the Cyber Security Posture and asked to submit proposal on Trusted Applications repository and urge to step ahead and contribute in this area for further submission in ITU.
2. Sh. P.K Singh, DDG (SA), DoT and Vice-Chairman of ITU-T SG 17 discussed about the work plan for the agenda items which were decided and briefed about the new work items initiated in last ITU-T Study Group 17 meeting. He specified that the requirement of having Trusted Applications Repository (Repository of Application which are secured and free from vulnerability) and development of framework for the same, so as to contribute it in ITU-T Study group-17 meeting.
3. He has also specified about latest work items which are under progress in SG-17 dealing with 5G related aspects and urged members to actively contribute on those items as it will increase the Indian presence on standardization activity. The list of work items are as follows:
 - Security requirements for 5G messaging services (X.5G.sec-message).
 - Security control for operation and maintenances for 5G system maintenances.
 - Guidelines for zero trust based access control platform in telecommunication networks TR.zt-ap.

He also emphasized on creating a framework for smaller or category B/C Internet Service Providers, providing services to Limited set of Subscribers and development of Security Operation Centre (which is costlier and unfit of business plans) for submission in ITU.

4. Mr. Kishore Narang representing M/s Narnix Technologies Ltd., discussed about his contribution on last ITU-T SG17 work item Q1/17 - "Cyber Security Imperative for Critical Infrastructure-A Comprehensive & Granular Cyber Security Architecture" (X.arch-design). He also submitted that currently he is working on this work item and will submit further for August 2023 meeting.

Regarding this work item, it was suggested by Sh. Pranav Singh (Idemia) that different standard organizations are also working on Security architecture components, hence during submission of this work item the overlap and gap analysis be done and accordingly submission to be made.

5. Further Sh. Abdul Kayum, DDG (6G), also suggested that initially a Basic Architecture or framework may be finalised and submitted his willingness to contribute and give suggestions for improving the document.
6. Sh. Manas Kumar Panda, ADG(NCCS), has submitted his proposal for new work item to be submitted under Q7/17 on *X.5Gsec-ss*: Security Requirement and guidelines for Software security including OSS in the context of 5G. He also requested the members for more inputs from members to represent it as a New Work item in upcoming ITU-T Study Group 17 meeting scheduled on 21.02.23-03.03.23. Sh. Sushil Kumar, DDG (IoT), suggested preparing to a proper Justification document to present it as a New Work Item in ITU-T as per ITU-T procedures.
7. Mrs. Preetika Singh, Director (TS), gave brief about the last submitted ITU Contribution in August, 2022 ITU meeting on *X.sc.dlt*: "Security controls for distributed ledger technology". Furthermore, she had briefed about a contribution under Q2/17 work item *X.5Gsec-srocv*s: "Security Requirements for the Operation of 5G Core Network to Support Vertical Services". In addition to this, she also briefed about Q14/17, Proposal for inclusion of text in for *X.sc.dlt*: "Security controls for Distributed Ledger Technology" to be planned for presentation in upcoming ITU-T meetings.
8. Sh. Sushil Kumar, DDG (IoT), presented about their on-going contribution under Q6/17 work item "Security Controls for IoT system". DDG (IoT) mentioned that his contribution is in initial stage and he will submit the updated contribution in subsequent days which will be circulated to all the member's later on.
9. All the discussed documents circulated to all the members and requested them to contribute and give their inputs within next 7 days. The last date for submission of contribution in ITU-T is **8th February, 2023** and subsequently Next NWG17 meeting will be conducted within 10 days. Henceforth, all members are requested to provide their inputs on these contributions within the stipulated timelines.
10. Sh. Shashi Mohan, DDG(TS), Chairman of NWG17 gave vote of thanks to all the present members of NWG-17 and urge to give there inputs and valuable contributions within next 7 days before the next NWG17 meeting.

06.01.23

Mrs. Preetika Singh

DIR(TS)

(Conveyor, NWG-17)
