No. 08-06/2022-TC/TEC

Date: 01.02.2023

Subject: Notice for holding 5th meeting of NWG-11 corresponding to ITU-T SG-11 "Signalling requirements, protocols, test specifications and combating counterfeit products" on 16.02.2023 at 02.00 PM.

The objective of the National Working Group-11 (NWG-11) is to contribute to ITU-T Study Group-11 (SG-11) activities keeping in view the interests of Indian Telecommunications. The NWG-11 will build consensus and harmonize the interests of various stakeholders, and proactively make contributions to ITU-T on the below mentioned questions:

- i. Q1/11: Signalling and protocol architectures for telecommunication networks and guidelines for implementations.
- ii. Q2/11: Signalling requirements and protocols for services and applications in telecommunication environments.
- iii. Q3/11: Signalling requirements and protocols for emergency telecommunications.
- iv. Q4/11: Protocols for control, management and orchestration of network resources.
- v. Q5/11: Signalling requirements and protocols for border network gateway in the context of network virtualization and intelligentization.
- vi. Q6/11: Protocols supporting control and management technologies for IMT-2020 network and beyond.
- vii. Q7/11: Signalling requirements and protocols for network attachment and edge computing for future networks, IMT-2020 network and beyond.
- viii. Q8/11: Protocols supporting distributed content networking, information centric network (ICN) technologies for future networks, IMT-2020 network and beyond.
- ix. Q12/11: Testing of internet of things, its applications and identification systems.
- x. Q13/11: Monitoring parameters for protocols used in emerging networks, including cloud/edge computing and software-defined networking/network function virtualization (SDN/NFV).
- xi. Q14/11: Testing of cloud, SDN and NFV.
- xii. Q15/11: Combating counterfeit and stolen telecommunication/ICT devices.
- xiii. Q16/11: Test specifications for protocols, networks and services for emerging technologies, including benchmark testing.
- xiv. Q17/11: Combating counterfeit or tampered telecommunication/ICT software.

Further details about ITU-T SG-11 can be found on the below link:

<https://www.itu.int/en/ITU-T/studygroups/2022-2024/11/Pages/default.aspx>

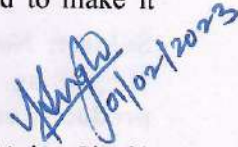

2. The next meeting of ITU-T SG-11 for the current period 2022-24 is scheduled to be held from 10th – 19th May 2023 in Geneva, Switzerland.

3. In view of the same, it is to inform that the 5th meeting of NWG-11 to discuss the contribution for ITU-T SG-11 is scheduled to be held on **16th February 2023 at 02:00 PM.**

4. The meeting can be attended by the following link:

<https://cdotmeet.cdote.in/vmeet/arj-itb-pyz-kcr>

5. All the members are kindly requested to send their contributions by **14th February 2023** so that the same can be discussed during the meeting. You are kindly requested to make it convenient to attend the meeting.

(Arjun Singh)
ADET(TC)

To,

All members of NWG-11 at Annexure-I

Copy to:

i) Sr. DDG TEC- for kind information

ii) DDG (TC), TEC & Chairman Committee- for kind information
