No. 6-5/2022-6GT/TEC

Date: 20th April 2022

Minutes of the meeting

Subject: Minutes of the 6th meeting of the National Working Group (NWG)-12, corresponding to ITU-T Study Group (12), regarding performance, quality of service (QoS), and quality of experience (QoE), held on April 18, 2023 (reg).

1. The sixth meeting of National Working Group (NWG)-12, corresponding to ITU-T Study Group 12 regarding "Performance, Quality of Service (QoS), and Quality of Experience (QoE)" was held on April 18, 2023 (online) under the chairmanship of Sh. Abdul Kayum, DDG (6G Technologies), TEC.
2. A brief of the Geneva meetings held on January 18–26, 2023 were presented to members, and the importance of contributions was highlighted due to the coming SG12 (19–28 September 2023) meeting at Geneva reminding us to contribute from the members and accelerate the proposed contributions periodically on a monthly basis.
3. The following was discussed:
 - a. ITU-T Q12/12 E.AIQ—Artificial Intelligence Quotient (AI-Q) for indexing and rating AI algorithms used in conversational AI systems employed for customer service management, service optimisation, and management as part of service quality assessment methodologies. Shri Piyush Chetia, DDG (FN), presented the outcome as SG12-C094R1 (enclosed copy). Members were asked for contributions to improve the document's presentation. Shri Rajith Ali will edit the document and also provide other inputs.
 - b. ITU-T Q12/12 "E.MVS-Mapping and Visualisation Strategies for the Assessment of Connectivity and QoS (Submitted) Revised baseline text: ITU-T E.MVS

"Mapping and visualisation strategies for the assessment of connectivity and QoS," SG12-C0112R1, enclosed latest contribution copy (SG12-TD172R1). Shri Abdul Kayum, Chairman and DDG (6G Technologies), briefed the updated text for further contribution from the members and service providers since this standard is very prominent in the prospectuses of telecom service providers whose contribution is worthy and, in the future, this may be enforced for QoS and QoE in the public network. It is desirable for operators' contributions for smooth and holistic implementation in the future.

4. ITU-T Q2/12 Title: "Proposal to create a new work item to develop a new ITU-T recommendation, "Framework for Enhanced Quality of Experience by Using Cultural and Emotional Context in Applications Based on Natural Language Understanding". Contribution C118R1 was discussed and suggested for contribution. It was also mentioned that it may take a lot of time to develop the proposed work item because of the diversity of cultures and the development of test methodologies. TR-CEC "Framework for QoE/QoS Using Additional Cultural and Emotional Context in Chatbot Applications Based on Natural Language Understanding (Details are in Annex C T22-SG12-230118-TD-GEN-0258! R1! MSW-E). **Shri Amit Rastogi will update the new version within a month.**
5. Discuss new proposals to be submitted to the meeting scheduled for September 19-28, 2023, in Mexico, as follows:

ITU-T Q 20/12 Title: DFS_Inter: Extended methodology for cross-country and inter-operator Digital Financial Services testing and assessment of QoS and QoE (for the Unified Payment Interface (UPI) developed for India and extendable with global acceptance on an inclusion basis) of Payment Service Providers (PSP) through the Mobile application. (Enclosed is a draft copy updated as of 20th April 2023).

6. Members were invited to share in the contributions for discussion on the above topics.
7. Requested members to register their membership through the TEC portal, details will be mailed for further action.
8. The meeting ended with a vote of thanks.

Encl: List of draft documents for editing.

To,

1. All Stakeholders (NWG12 members/participants) through e-mail.

Copy for kind information to-

1. Member (S)/ Member (T), DoT
2. Sr. DDG TEC

ANNEXURE-A (file No.6-5/2022-6GT/TEC, DoT)

List of Members/Participants in the meeting held on 18th April, 2023

S.No.	Name	Organization	Email
1	Abdul Kayum	TEC	abdul.kayum@gov.in
2	Beerendra Maurya
