F.No. -1-3/2022-IoT/TEC

Dated: 24.05.2023

Subject: Minutes of virtual meeting of National Working Group 20 (NWG-20) corresponding to ITU-T Study Group 20 on "Internet of Things (IoT) and Smart Cities & Communities (SC&C) " for the Study Period 2022-24, held on 16th May 2023, 2:30 PM.

The 9th virtual meeting of the National Working Group 20 (NWG-20) corresponding to ITU-T Study Group 20 was held on 16th May 2023 at 2:30 PM through remote participation using C-DOT VC platform. The list of participants is available as *Annexure -1*.

1. Mr. Sushil Kumar, DDG (IoT) welcomed all the participants in the meeting. While briefing about the agenda of the meeting, he mentioned that:-

- a. In the last ITU-T SG-20 meeting held in Jan-Feb 2023, **Regional Group for Asia Pacific region (SG20RG-AP)** was created based on the Indian contribution and its chairmanship has been given to India. The first meeting of this Regional Group has been planned on 25-26 July 2023 in virtual mode. All the members having TIES account are requested to subscribe to its mailing list (details available on <https://www.itu.int/en/ITU-T/regionalgroups/sg20-ap/Pages/default.aspx>) for getting updates about this regional group. Those not having TIES account and interested in participating and submitting contributions in these meetings, may intimate to TEC. Contributions submitted in this regional group will further be taken up in ITU-T SG-20 meeting.
- b. IoT division, TEC has released nineteen Technical Reports (TRs) till date, covering various verticals, communication technologies and security, with the outcome intended to be used in the policy / standards. All the reports are available on TEC website (<https://www.tec.gov.in/M2M-IoT-technical-reports>).
- c. International Telecommunication Union (ITU) has posted the following six TEC Technical Reports on its website (<https://www.itu.int/cities/dt-resource-hub/iot/>) in IoT sections (2023, 2022 and 2021), recognizing as insightful technical resource for the benefit of global community-
 - i. Security by design for IoT Device Manufacturers
 - ii. Framework of National Trust Centre for M2M/IoT Devices and Applications
 - iii. IoT/ ICT Standards for Smart Cities
 - iv. Emerging Communication Technologies & Use Cases in IoT Domain
 - v. Code of Practice for Securing Consumer Internet of Things (IoT)
 - vi. IoT/ ICT Enablement in Smart Village and Agriculture

- d. ITU, ISO and IEC work in collaboration in the **IEC-ISO-ITU Joint Smart Cities Task Force**, for which ITU-T SG-20 is the nodal group. Its role is to align the standards published by these three SDOs to avoid duplication or overlapping. My self and Mr. Kishor Narang, Narnix (member of NWG-20) participate as experts in these meetings.
- e. The ITU webpage link for accessing SG-20 documents is <https://www.itu.int/md/T22-SG20-230130-TD/en>. Members may visit this webpage and send the document number, title and related question of the document(s) of their interest to TEC, on which they wish to work. These documents will be downloaded and shared with the concerned members. Contributions may either be submitted as inputs to the existing work items or by proposing creation of new work item.
2. Mr. Kishor Narang, Narnix, mentioned that IEC System Committee in Smart Cities (from IEC), ISO TC-268 (from ISO) and ITU SG-20 (from ITU) are leading the standardization work in the area of smart cities. He also briefed about the working and meetings of **IEC-ISO-ITU Joint Smart Cities Task Force**.
 3. Mr. Vijay Madan, TSDSI, suggested that as there are different steps taken by different SDOs, so we can attempt to find out various use cases in India, map already available standards pertaining to those use case and find out gaps (if any) and try to work on these gaps. Mr. Vijay Madan, TSDSI, further mentioned that TSDSI has developed a search tool for ITU-T and are also developing small documents based on the study of 4-5 verticals, which will be shared with TEC for fitting those results in the contributions. DDG (IoT) requested him to share that tool with TEC and also to prepare contributions for Regional Group meeting.
 4. Mr. Harish Kumar, Punjab University, opined to submit use case related with healthcare sector. DDG (IoT) suggested him to prepare his contribution in the template available in ITU-T Y Suppl. 53, for submission in Regional Group meeting scheduled on 25-26 July 2023.
 5. Mr. Prateep Misra, TCS volunteered to work on the newly created work item by Mr. Sharad Arora, Mashmari on Y.RemoteEd *"Requirements, capabilities and architectural frameworks for e-learning in remote classrooms"* and suggested to organize short meetings in between, to carry forward the work on these work items. DDG (IoT) requested him to work on Industrial IoT use case also.
 6. Mr. Pranav Singh, Idemia, said that he will submit contributions related to IoT device security.

7. Ms. Nishi Mundra, VodafoneIdea, said that they are willing to contribute in Q/2 and Q/6.
8. Mr. Manoj Desai, ARAI, opined to submit automotive related use cases.
9. Ms. Sandhya Sameera, CCA Vijayawada, mentioned that she will go through the existing work items in ITU-T SG-20 and try to explore areas where she can contribute.
10. DDG (IoT) summarized by mentioning that we may work on some on-going work items related with IoT security, agriculture, aquaculture, smart city assessment etc. and related documents will be shared. He requested members to send their contributions for discussion in the next meeting so that same may be submitted for next ITU-T SG-20 meeting, Sept 2023.

In the end, DDG(IoT) thanked all the participants for attending the meeting .

Way Forwards :

1. Next meeting of NWG-20 will be held on **5th June 2023 at 2 : 30 PM** .
2. All members having TIES account are requested to subscribe to the mailing list of ITU-T SG20 Regional Group for Asia Pacific region (SG20RG-AP) (details available on <https://www.itu.int/en/ITU-T/regionalgroups/sg20-ap/Pages/default.aspx>).

This is issued with the consent of DDG (IoT) .
