No. 6-5/2022-6GT/TEC

Date: 22nd June 2023

Minutes of the meeting

Subject: Minutes of the 7th meeting of the National Working Group (NWG)-12, corresponding to ITU-T Study Group (12), regarding performance, quality of service (QoS), and quality of experience (QoE), held on June 15, 2023 -reg.

1. The Seventh (7th) meeting of National Working Group (NWG)-12, corresponding to ITU-T Study Group 12 regarding "Performance, Quality of Service (QoS), and Quality of Experience (QoE)" was held on June 15, 2023 (online) under the chairmanship of Sh. Piyush Chetiya, DDG (Mobile Technologies), TEC and discussions lead through NWP chairs and vice chairs.
2. A brief of the SG12 roles and questions were reviewed for new contributions and the outcome of post Geneva meetings held on January 18–26, 2023, were reviewed for submission in the coming meeting to be held on 19-28 September, 2023 in Mexico City and accelerate the proposed contributions. The next NWG-12 meeting will be held on first week of July 2023.
3. The following were discussed:
 - a. ITU-T Q12/12 E.AIQ— Artificial Intelligence Quotient (AI-Q) for indexing and rating AI algorithms used in conversational AI systems employed for customer service management, service optimisation, and management as part of service quality assessment methodologies. Shri Piyush Chetiya, DDG (Mobile Technologies), presented the outcome as SG12-C094R1 (enclosed copy). Professor Brejesh Lall, Chair of NWP 1/12, suggested

some psychology profession related members' presence and would further help to assess QoE on the contextual prospective part.

- b. ITU-T Q12/12 "E.MVS- Mapping and Visualisation Strategies for the Assessment of Connectivity and QoS (SG12-C0112R1), enclosed latest contribution copy (SG12-TD172R1). Shri Abdul Kayum, DDG, J&K LSA, DoT, is on tour and expected to present in the next meeting. Service providers' participation is important in the context of the impact on QoS which will add more worth to the contribution. In the future, this may be enforced for QoS and QoE in the public network. It is therefore desirable for operators' contributions for smooth and holistic implementation in future.
 - c. ITU-T TR-CEC Q2/12 Title: "Proposal to create a new work item to develop a new ITU-T recommendation, "Framework for Enhanced Quality of Experience by Using Cultural and Emotional Context in Applications Based on Natural Language Understanding". TR-CEC "Framework for QoE/QoS Using Additional Cultural and Emotional Context in Chatbot Applications Based on Natural Language Understanding (Details are in Annex C T22-SG12-230118-TD-GEN-0258! R1! MSW-E). Shri Amit Oberoi, Vice Chair of NWP 1/12, presented ppt on NUL. It is expected that an updation in the document will be provided in the coming meeting.
4. Discussed new proposals to be submitted in the meeting scheduled for September 19-28, 2023, in Mexico, as follows:
- a. ITU-T Q 20/12 Title: DFS_Inter: Extended methodology for cross-country and inter-operator Digital Financial Services testing and assessment of QoS and QoE (for the Unified Payment Interface (UPI) developed for India and extendable with global acceptance on an inclusion basis) of Payment Service Providers (PSP) through the Mobile application. (Enclosed is a draft copy updated as of 15th June, 2023). New members were included from RBI and they were briefed on the ITU process and subsequently after the presentation a strategy for way forward on this question was discussed for smooth transition which would enable to contribute before the next meeting for discussion to fix KPIs for QoS of application . It was decided that finance and technology expertise related members work together holistically to present effective QoS and for assessment of QoE data from crowd sources

is essential, which was suggested by the Chairman and also to explore psychology profession related members' presence that would further help to assess QoE on the contextual prospective part as suggested by NWP1/12 Chair Prof Brejesh Lall.

5. Members were invited to share their contributions for discussion on new topics. A brief was given on the latest approved National Working Chairs and vice chair, looking for new contributions and driving relevant questions under the mentorship of NWP chairs and vice chairs (attached nominated members list). Shri Subrat Kumar Prusty emphasized that all Indian languages are connected through the same Akshars and they are phonetic. A concept called SOIL (Standard Operating System for Indian Languages) has been conceived and a device has been made using this. The chairman suggested giving a writeup as a gap in the document form in the study group to keep further analysis based on language. Necessary recorded meeting link and templates were shared through email.
6. Chairman requested members to register their membership through the TEC portal (<https://www.tec.gov.in/scp/>). In future meeting notices and minutes will be shared in this portal and also ITU meetings and other events information will be made available.
7. The meeting ended with a vote of thanks.

Encl: List of draft documents for editing and participants list in Annexure-A.

वेंकटरामाराजुचेल्ले/ Venkata Rama Raju Chelle,
निदेशक (क्वांटमप्रौद्योगिकियां) /Director (Quantum Technologies)

To,

1. All Stakeholders (NWG12 members/participants) through e-mail.

Copy for kind information to-

1. Advisor and Head of TEC, K L Bhawan, New Delhi.

List of Members/Participants in the meeting held on 15th June, 2023

S.No.	Name	Organization	Email
1.	Sh. Piyush Chetiya, DDG(MT)/Chair NWG-12	TEC	ddgm.tec@gov.in
