No. 08-06/2022-TC/TEC

Dated: 10.04.2024

Subject: Minutes of 12th meeting of NWG-11 corresponding to ITU-T SG-11 on 'Signalling requirements, protocols, test specifications and combating counterfeit products' for the Study period 2022-2024-reg.

The 12th meeting of National Working Group (NWG)-11 was held on 09.04.2024, through virtual platform, under the Chairpersonship of DDG(TC), TEC. The list of the attendees is enclosed at Annexure-A.

2. At the outset, the ADET(TC), TEC welcomed the members and informed them about the upcoming ITU-T Study Group (SG)-11 meeting scheduled from 1st – 10th May 2024 in Geneva, Switzerland. He further informed the members that the last date of submission of contributions to ITU is 18.04.2024.

3. Sh. Biren Karmakar, CDOT presented the following contributions and members agreed on the same:

- a) Proposal to advance the base text and consent Recommendation ITU-T Q.CEIR: Technical requirement, interfaces and generic functions of CEIR under Q15/11.
- b) Proposal to advance the base text of Technical Recommendation ITU-T Q.GIR: Technical requirement and implementation strategy for Global International Mobile Equipment Identity Registry under Q15/11.
- c) Proposal for determination of the Recommendation ITU-T Q.5054 (ex. Q.CCF-CCSD): Consumer centric framework for combating counterfeit and stolen ICT mobile devices under Q15/11.

4. Sh. Anshul Kumar Gupta, ADET (Radio), TEC presented the following contributions and members agreed on the same:

- a) Proposal for consent of draft recommendation ITU-T Q.TSRT_IoT "Test specifications for remote testing of Internet of Things using the probes" under Q12/11.
- b) Proposal for updating the Terms of Reference of Q12/11

5. Contributions presented by Sh. Ashish Vyas, ADET (Vig.I), DoT & Sh. Arjun Singh, ADET(TC), TEC in the last NWG-11 meeting dated 29.02.2024 on the work item Q.Req_Frame_RRDN "Requirements and framework for rapid response to sudden natural disasters in network" were merged and the updated contribution was presented and members agreed on the same.

6. Sh. Ashish Vyas further presented following two contributions and members agreed on the same with minor modifications:

- a) Proposal for new work item ITU-T Q.Emergency_Comm “Requirements, Interface specifications, and Protocol procedures for enabling emergency telecommunications” under Q3/11.
- b) Proposal for advancement in the baseline text of ITU-T Q.WLAN5G-REQ “Signalling requirements of WLAN access network for interworking with 5G network” under Q7/11.

7. Sh. Tejpal Singh, TRAI presented the contribution on “Draft Recommendation ITU-T Q.TSCA “Procedure for issuing digital certificates for signalling security” under Q2/11 and members were agreed on the same.

8. Sh. Krishna Lahoti, CNLABS presented the following new work items:

- a) Proposal for creation of new work item “Framework for testing and monitoring IoT devices using Manufacturer Usage Description (MUD)” under Q12/11. The members agreed on the same with minor modifications and it was suggested to submit the updated document.
- b) Proposal for creation of new work item “Method for Verifying Conformance to SRv6 under Q13/11. Members suggested that the document is not matured enough for taking it to ITU-T SG-11. Members suggested that the document with enhancement may be presented in the next NWG-11 meeting.

9. Following ITU-T Resolutions were discussed for the upcoming 3rd APT WTSA24 meeting scheduled from 30th Apr-02nd May, 2024:

- a) *“Resolution 65 – Calling party number delivery, calling line identification and origin identification information”* was presented by Sh. Ram Sajivan Singh, DDG (IoT), TEC. The members suggested some changes in the document and requested DDG (IoT) to submit the updated document by 10.04.2024 for discussion in next APT WTSA meeting.
- b) *“Resolution 76 – Studies related to conformance and interoperability testing, assistance to developing countries and a possible future ITU Mark programme”* was presented by Sh. Vijay Madan, TSDSI. The members were of the opinion that the suggested changes/inputs do not directly pertain to the scope of the resolution. Also, TSDSI was informed that some of the suggestions by TSDSI has already been submitted and presented by the TC division, TEC during the last APT WTSA meeting. Further, TC Division was requested to share the contribution submitted during last WTSA meeting with TSDSI for incorporating suggestion/inputs if any, by TSDSI in the same.
- c) *“Resolution 44 – Bridging the standardization gap between developing and developed countries”* and *“Resolution 84 – Studies concerning the protection*

of users of telecommunication/information and communication technology services” were presented by Sh. Vijay Madan, TSDSI and members suggested that the inputs provided in the documents were not related to ITU-T SG-11, and it was suggested to take these Resolutions to respective lead NWGs for further discussion.

10. ADET(TC),TEC thanked the members for attending the meeting.

This issues with approval of Chairperson, NWG-11.
